*Learning the word of God  
is for Life!*

**How to Use This Book**

As with our first book, "Foundations", the second half of this book contains practical applications of the methodology presented thus far. All of the 26 Master Drawings in this book are constructed in a similar manner. On the page following each Master Drawing, you will find 4 Progressive Drawings which will take you step by step through the illustration as we did with Deuteronomy 8:2-3 and Psalm 4:4-5. The dotted line drawing on the page facing the Progressive Drawings is provided for you to draw each concept in the Scripture to be memorized. This is an important step because in the process of drawing a sketch on the paper, you are also inscribing the image on your brain- which greatly helps the memorization process. By the time you have traced this dotted line sketch, you have probably memorized the Scripture. Now it is time to meditate on God's word. Turn to the next page.

Backing up the Dotted Line Drawing, you will find a "Dialogue With God" page. This is where the "implanting" process begins. Ask God for revelation. As you continue to rehearse the Scripture, redraw the illustration. Wait. Several times in the book of Psalms, David exhorts the reader to "Wait on the Lord." Let your faith become active and mix with the word as you embrace God's truth. Listen. Press in to God. Remind Him of His word, "if you draw near to God, He will draw near to you" (James 4:8). As God speaks, write in the space provided. If He says nothing at the moment, set the book aside, but keep your spiritual ears tuned through the day. God WANTS to speak to you.

Let this little book be the catalyst for you. Decide now that you will develop a life-style of memorizing, meditating and implanting the word of God. You will find renewed strength and nourishment for your wilderness experience.

a holy nation, His own special people,
